

The Newton Reflector Telescope (806.NST-E) – Important information:

Unfortunately we found some small errors in the labelling of a few parts.

Please make the following corrections before commencing with the construction:

- Sheet 1.** On the outside of **axle segment [A1]**:
 - Next to “(glue the right axle base here)” the glueing symbol should read **[C4]** instead of [C1]
 - Next to “(glue the left axle base here)” the glueing symbol should read **[C1]** instead of [C4]
- Sheet 3.** On the outside of **eyepiece segment [A7]**:

The three glueing symbols should read **[A11]** instead of [D2]
- Sheet 5.** On the back of the **eyepiece shaft 15mm [F1]** for the Ramsden eyepiece:

The three glueing symbols should read **[F4]** instead of [F1]
- Sheet 7.** On the **left axle cover disk 1 [C15]**:
 - Front: the glueing symbol should read **[C10]** instead of [C9]
 - Back: the glueing symbol should read **[C16]** instead of [A16]
- Sheet 10.** On the back of **outside corner strip 2 [N5]**, it should also say **outside corner strip 2 [N5]** instead of **outside corner strip 1 [N4]**
